Revised Business Survey Results

Dear Mr. McKeown:

The New Hampshire Department of Environmental Services (Department) is forwarding a revised PDF file for the Business Survey Summary Dated May 2012 that was originally sent to you on June 10, 2013. The original file did not contain all the information in our spreadsheet summary. Some information did not carry forward during the conversion from a spreadsheet format to the PDF format. The file contains a summary of the survey conducted of commercial and industrial businesses located in several areas of Atkinson and Hampstead near Emery Drive in Atkinson, New Hampshire. Department personnel conducted the survey of these businesses in April 2012.

If you have any questions regarding this information please do not hesitate to contact me or David Bowen.

Sincerely,

John M. Regan, P.G.
